Attention Race Director:

Enclosed you will find a CD that contains an Acrobat PDF file of all images taken by Penrose Photography at your race this year. You may print this book out or view it on your computer using Acrobat Reader which is included on the disc. This book is set up in race number order. As one of the benefits of having us at your race you may keep this Disc. We will also make a CD with up to 50 images from this book that the Race chooses. All of these images are copyrighted by Penrose Photography and are protected by all copyright laws. This letter **DOES NOT** give the Race permission to use any of these images for any reason. The images may not be given to anyone without written permission from Penrose Photography. The images may not be sold to anyone. It will be the responsibility of the Race to make sure that you have any required model releases.

Underneath each image in the book you will find the race number of the participant and the file name. Please return a signed copy of this letter with the list of images you would like on your CD. The Race does not have permission to use any of the images until a signed copy is returned to Penrose Photography at which time we will send your CD and the release giving the Race permission to use the images for promotional purposes only.

Race Number	File Name	Race Number	File Name
example 408	\101NC_D1\DSC_0140		

I have read and agree to all of the above.
